

ROCK CLIMBING & RAPPELLING

Check-in at the Wildman Adventure Resort Menominee River Outpost

N22200 Bomber Road | Niagara, WI 54151

DESCRIPTION:

Rock climbing at the Wildman Adventure Resort is a rewarding challenge. The nearby bluffs and gorges of the Iron Mountain area provide many opportunities for rock climbing and bouldering. Quartz composite rock formations make secure and stable handholds.

Exhilarating vistas and cascading creeks add exciting character to your half day of climbing. The views from the cliffs are especially beautiful in the spring, and fall colors are amazing. You will learn modern rope and equipment management during this half day session. Our experienced and well-trained guides use only the best equipment. Join in on our vertical activities with rock climbing and our Alpine Tower high ropes course.

SAFETY is the top priority at the Wildman Adventure Resort. Participants are on belay at all times with ropes tied directly to the harness. Belayers are backed up with belay monitors. The best equipment and state of the art policies further enhance the overall safety of the system.

WHAT TO BRING:

Dress for the weather and wear comfortable clothing that allows for maximum range of motion. Sunscreen and bug spray are recommended. For your feet, you will want to wear sneakers or hiking boots (no flip-flops or bare feet). You can also bring along a camera so that you have proof of your vertical ascent!
