Kick back, relax, and enjoy the beauty of the Northwoods from the seat of a sea kayak. The Wildman Adventure Resort sea kayak tour takes you to the serene High Falls flowage, where adventure and beauty come together.

The High Falls flowage is surrounded by almost 10,000 acres of wild lands that are open to the public and are yours to explore. People come from all over to fish the Bass, Northern, Walleye, Musky, and Pan fish that reside in these pristine waters. The cool tannin stained water, granite out-croppings and islands, big fish and forested shores are like being North of the border. The wild shores of the 1,600 acre High Falls flowage are part of the Peshtigo River, the same river on which the Wildman Adventure Resort is located.

During your 2-3 hour adventure be prepared for spectacular wildlife sightings, including encounters with Bald Eagles, Great Blue Heron, loons, a variety of ducks, Sandhill Cranes, Turkey Vultures, whitetail deer, black bear, coyotes, fox, wolf, and river otters just to name a few. Your trip will take you on a paddling voyage where you will be exploring the open water, the shorelines and even wild islands. For those that live life on the edge, you will even have the opportunity for a cliff jump.

WHAT TO BRING:

On warm days wear swimwear and sandals or water shoes. On cooler days you'll need a windbreaker, or synthetic pullover (try to avoid wearing cotton).
